*The Parable of The Unforgiving Servant*

*Coloring & Activity Pages by: Bible-Printables.com*

Pray with your grown up and ask God to help you understand his love and forgiveness so that you can forgive others.

God's word today is all about

forgiveness

We're going to hear a

question

an answer

And a parable to help us really understand what Jesus is

saying

So first, the question: How many

times

must I forgive?

And the answer:

For

what Jesus is really saying is that if someone

is sorry for

doing something wrong to you then you

forgive them as many times as they are sorry.

But this is really really

hard

So Jesus tells a parable to help us understand how we can do this.

First we see in the parable what the

Kingdom

of God is like.

It is full of

sinners

Next we see un-grace in the

servant

He should have shown the same type of forgiveness as his master had shown him but he didn't so he was

unhappy

Jesus shows us that God is like the King.

God has forgiven us so so so so so

much

that even when

someone does something very very horrible to us, it does not compare to how we've treated

God

Understanding this helps us to forgive others.
