

Our passage today carries on from last week again. Remember that Jesus has been telling his disciples that the

temple will be destroyed

and there will be great suffering. But then Jesus goes on to teach them about the

end of the age. This is when

Jesus will come to judge all

people. Jesus teaches three big things about

this day:

Firstly, the time is not known.

There is no way we could ever

guess when it will be,

because even Jesus doesn't know!

Secondly, people won't be

expecting it.

They will just be doing normal every day things when it happens. Just like when

Noah built the ark and the

flood came.

Thirdly, there will be a

division. This will be

between those who trust

Jesus and those who do not and there won't

be time to change your

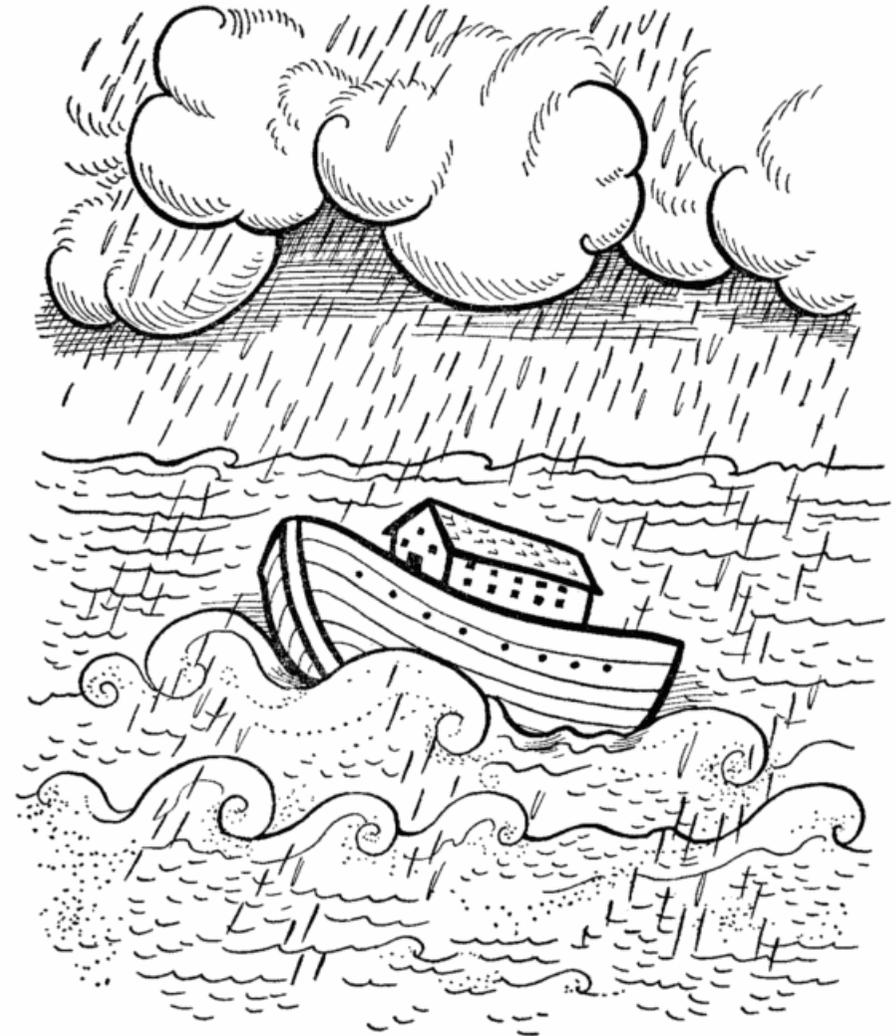

mind. So, we must be ready.

How do you feel about meeting Jesus face to

face?

Pray with your grown up that you'd feel excited and as you wait, you'd want to spend time listening to Jesus's words in the bible and living the way he wants you to.

Colour the picture of the flood to remind you that Jesus will come unexpectedly, like the flood did.

Jesus

will

return
