

This sacrifice uses blood to clean up the stain of sin and we know from the rest of the bible that Jesus' blood is what cleans up our sin. Pray with your grown-up thanking God for Jesus' sacrifice that deals with our sin. Colour the picture to remind you of Jesus' sacrifice that cleans up the stain of our sin.

BD Children's learning sheet - Leviticus 4v1-5v13

Today we're back in

Leviticus and we're

thinking about another offering, the

purification

offering.

This offering is about sinful people getting

right with God and it points us

forward to the cleansing power of the

blood of Jesus.

Our first point this morning is:

Sin Makes God's House Dirty

Remember we are in God's house, the

Tabernacle, and in

our reading we see how this sacrifice shows different parts of God's house being

cleaned with blood. This

is really important because a Holy God cannot be in the same place as sinful people. Also we see

It Matters who the Sinner is:

We can see this because of the different types of animal that different people have

to offer. The leaders

have to offer bigger sacrifices because their sin has a bigger effect on other people. Next, we see

All Sin Stains us:

The sin that is talked about in our reading is sin that the person didn't mean to do,

but it is still serious and it

still needs dealing with. So what is the answer to this problem?

Only Jesus can make us clean:

JESUS

cleans our

hearts
