

**Lesson 1: Holiness is wholeness**

Some animals had missing parts! Clean animals like sheep and cows needed

- to have split hooves *and*
- chew their food really well!

Animals that didn't do BOTH those things were un-clean.

It was meant to get God's people thinking. Being "whole" was a good thing. He wanted them to love Him with ALL their hearts. He wanted them to love each other COMPLETELY.

(THINK: is it OK just to obey *some* of the 10 commandments?)

**Lesson 2: Stay away from death**

In Old Testament times God spoke to his people. He gave them laws about animals and bodies. Some of these laws seem very strange!

These laws were about staying clean, and not becoming unclean. What does that mean?

Now let's look more closely at Leviticus chapter 11...

## Animals taught God's people about being clean and unclean

God made a link between animals and people. Animals are LIKE people in a special way. For example...

The Bible says that Jesus is the \_\_\_\_\_ of God (look up John 1:29)

**God told his people that some animals were unclean to them.** ALL animals are made by the Lord. He made them all good!

(Quickly draw your favourite animal).

But God gave Moses and his people some new laws. They were to do with animals. It's like they had to **stick a label on every animal that they met**. Each animal was either...

These laws were to **TEACH God's people** lots of different lessons. But what?
